GREETINGS OF THE NATIONAL PRESIDENT

While I was opening my laptop to write a message to Italian members of JCI, I read "beware, new software components are available, to download click here".

We too, as persons, need to "download new components" (i.e. information, facts, feelings...) that can help us preserving our mind to better face everyday's challenges of life.

Being a member of JCI gives you such opportunities by organising courses to learn and grow. Let's meet in Trieste, then, at the 43th National Convention, to "DOWNLOAD" new information, friendship and contacts that you will never forget!

Walter Kuen Gufler
National President 2005
